## General Plan Information

---

### Investment Instructions

You are responsible for choosing how to invest the assets in your account according to the procedures provided by your plan administrator. Information on your plan's investments and how to provide investment instructions can be found in the Investment Options section of this document. Your investment decisions are subject to any limitations or restrictions described in the table below.

Investment Limitations or Restrictions	
The portion(s) of your account that you can invest	Your Entire Account
How often you can change your investment elections	Daily
How often you can transfer assets between investment options	Daily
Additional rules that apply to selecting investments	

### Exercise of Voting and Other Rights

Certain voting and other rights may apply to an investment option that you have chosen for your account. Those rights may be exercised by the plan sponsor or other named fiduciary for the plan who retains the right to exercise on behalf of the plan voting, tender and similar rights with respect to the designated investment alternatives in the plan.

### Designated Investments

For a list of investment options offered through the plan, please review the Investment Options comparative chart in this document.

### Investment Managers

For the investment managers of the plan's investment options, please see each investment's website, prospectus or fact sheet. [Insert response]

### Administrative Expenses

---

Expenses for administrative services provided to the plan may be charged to your account. These services include Recordkeeping (e.g. valuing participant accounts, processing contributions and investment transactions and providing account statements), legal (e.g. designing and interpreting the plan document) and accounting (e.g. auditing the plan's financial records). If administrative expenses are charged to plan participants, they will be shown on the quarterly account statement and charged pro rata (based on the amount of each participant's account balance; charges will depend on the value of your account balance).

### Individual Expenses

---

The expenses listed below for services provided to you may be charged to your account. If any of these expenses are charged to you, they will be deducted from check proceeds or from account assets. The fees listed below only apply for the services you use. Please see the "Information About the Document" section at the end of this document for further details.

Expense	Amount
Taking a loan	\$125 per Loan
Taking a distribution	\$60 per Distribution
Check stop payment/re-issue	\$35 per Check

Investments available in your plan may charge additional fees to your account such as fund redemption fees, sales charges, deferred sales charges or other trading restrictions. Please review the complete investment fee and performance chart contained in this notice to determine whether these fees may be assessed for an investment option, and review your account statement for a detailed disclosure of the dollar amount actually charged to your account related to these fees.

## Investment Options

Whether you will have adequate savings at retirement will depend in large part on how much you choose to save and how you invest your savings. While the information below is important to making informed investment decisions, you should carefully review all available information about an investment option prior to making an investment decision.

In addition to the core investment options, model portfolios which are pre-defined asset allocation strategies utilizing the core investments are also available in your plan. Annually, your investment will be rebalanced back to the proper allocation. Please visit <https://myaccount.ascensus.com/rplink> for additional information on the model portfolios including the underlying fund allocations.

This document includes important information to help you compare the investment options under your retirement plan. If you want additional information about your investment options, you can go to the specific website address shown below or you can contact ELLEN HILDBOLD at 703.281.2446. A free paper copy of the information available on the website(s) can be obtained by contacting ELLEN HILDBOLD at 703.281.2446.

## Document Summary

This document has three parts. Part I consists of performance information for plan investment options. This part shows you how well the investments have performed in the past. Part II shows you the fees and expenses you will pay if you invest in an option. Part III contains information about the annuity options (if applicable) under your retirement plan.

## Part I – Performance Information

**Table 1** focuses on the performance of investment options that do not have a fixed or stated rate of return. Table 1 shows how these options have performed over time and allows you to compare them with an appropriate benchmark for the same time periods. Past performance does not guarantee how the investment option will perform in the future. Your investment in these options could lose money. Information about an option's principal risks is available on the website(s) listed in Table 1. Additional information is also available at <https://myaccount.ascensus.com/rplink>.

**Table 2** focuses on the performance of investment options that have a fixed or stated rate of return. Table 2 shows the annual rate of return of each option, the term or length of time that you will earn this rate of return and other information relevant to performance.

Table 2—Fixed Return Investments			
Name/Type of Option	Return	Term	Other

Note: To help achieve long-term retirement security, you should give careful consideration to the benefits of a well-balanced and diversified investment portfolio. Spreading your assets among different types of investments can help you achieve a favorable rate of return, while minimizing your overall risk of losing money. This is because market or other economic conditions that cause one category of assets, or one particular security, to perform very well often cause another asset category, or another particular security to perform poorly. If you invest more than 20% of your retirement savings in any one company or industry, your savings may not be properly diversified. Although diversification is not a guarantee against loss, it is an effective strategy to help you manage investment risk.

## Part II – Fee and Expense Information

**Table 3** shows fee and expense information for the investment options listed in Table 1 and Table 2. Table 3 shows the total annual operating expenses of the options in Table 1. Total annual operating expenses are expenses that reduce the rate of return of the investment option. Table 3 also shows shareholder-type fees. These fees are in addition to total annual operating expenses. Please see the “Information About This Document” section at the end of this document for further details.

The cumulative effect of fees and expenses can substantially reduce the growth of your retirement savings. Visit the Department of Labor's website for an example showing the long-term effect of fees and expenses at [http://www.dol.gov/ebsa/publications/401k\\_employee.html](http://www.dol.gov/ebsa/publications/401k_employee.html). Fees and expenses are only one of many factors to consider when you decide to invest in an option. You may also want to think about whether an investment in a particular option, along with your other investments, will help you achieve your financial goals.

### Part III – Annuity Information

**Table 4** focuses on the annuity options under the plan. Annuities are insurance contracts that allow you to receive a guaranteed stream of payments at regular intervals, usually beginning when you retire and lasting for your entire life. Annuities are issued by insurance companies. Guarantees of an insurance company are subject to its long-term financial strength and claims-paying ability.

Please visit <https://myaccount.ascensus.com/rplink> for a glossary of investment terms relevant to the investment options under this plan. This glossary is intended to help you better understand your options.

More current information about your plan’s investment options, including fees and expenses and performance updates, may be available at the listed website addresses.

### Compliance with Section 404(c) of the Employee Retirement Income Security Act

Your employer intends to satisfy the requirements of Section 404(c) of the Employee Retirement Income Security Act (ERISA) and corresponding Department of Labor regulations. This means that your employer is providing you with the opportunity to decide how to invest the assets in your account, enabling you to choose investments that fit your personal needs. Your employer and certain individuals in charge of the plan (known as fiduciaries) will not be responsible for the investment performance of your account that results from your investment instructions.

One of your investment options includes securities of GH ENGINEERING, INC. 401(K) PS PLAN. The following procedures have been put in place to insure the confidentiality of a purchase of those securities and the voting, tender and similar rights you are entitled to if you invest in them. [Insert procedures]

For additional information, please contact ELLEN HILDBOLD at 703.281.2446 or 301 MAPLE AVENUE WEST, SUITE 220, VIENNA, VA 22180 who monitors compliance with these procedures.

**ETF trading costs** – For plans offering exchange traded funds (“ETFs”), the following transaction costs are factored into the average share price: trading commissions (estimated at \$0.02 per share) and securities transaction fees (estimated at \$19.20 per \$1,000,000 of sales proceeds).

**Company stock trading costs** – For plans offering company stock as an investment, the following transaction costs are factored into the average share price: trading commissions (estimated at \$0.06 per share with a minimum transaction charge of \$15) and securities transaction fees (estimated at \$19.20 per \$1,000,000 of sales proceeds).

**Investment Management Services** – For plans offering Investment Management Services that are provided by Morningstar, LLC. The fee shown in the Individual Expenses section is an annual fee that is charged quarterly based on asset balance in your account for the prior quarter.

**Annual operating expenses** – The expense information in Table 3 of this document reflects the gross annual operating expenses of the investment options listed in Table 1. Some investments may waive a portion of this fee for a certain period of time to cap expenses at a certain level (net operating expenses). Please see the prospectus or similar document for details on each investment’s gross and net annual operating expenses.
